

AFRICA ADVOCACY FOUNDATION
Registered Charity No. 1164778

Qualified Specialist IDVA

Salary £28,200 gross – 35 hours/week

Africa Advocacy Foundation (AAF) is a community-based advice, advocacy and support charity that promotes informed choices and access to health and social care services. AAF started in 1996 and works to support and empower individuals and families experiencing multiple disadvantages and barriers including ill health, violence, poverty, isolation, human, racial and social injustices language.

We are looking for 2 dynamic, highly motivated and innovative and qualified IDVAs to join our Hidden Voices Project team working towards addressing the current gaps in the provision of specialist domestic abuse and FGM services for black minority women and girls who are undocumented, asylum seekers, refugees, victims of trafficking and those with no recourse to public funds.

The successful candidate should share our passion of safeguarding vulnerable women children with at least 2 years' experience of project working and developing projects specifically for people of black ethnicities in the UK. You must be aware of issues relating to the cultural, religious and social causes of FGM, stigma and discrimination. You should also have the skills to spearhead community engagement and campaigns aimed at educating, empowering, influencing attitudes and reducing the risk of harm to women and children.

The successful candidate will work within Africa Advocacy Foundation values, build on existing work and also demonstrate the ability to manage and support volunteers on the project.

In line with Child protection and vulnerable adult policies all applicants must be willing to complete an enhanced DBS check. The post will be based in Catford with frequent travel across London.

Completed applications should be emailed to jobs@africadvocacy.org

Closing date: Monday 4th March 2024
